

PROFESSIONAL PROFILE

Commercial-focused General Counsel and Operational Strategist with a career arc defined by the convergence of technology, media, and corporate law. Having evolved from an IP and tech transactions specialist at elite global firms to a multifaceted corporate generalist, I transform the legal function from a cost center into a proactive business value driver. I offer a rare combination of "Big Law" transactional rigor and deep, hands-on expertise in leading companies through high-growth subject areas including AI/ML implementation, global data privacy frameworks, and strategic intellectual property management.

KEY DIFFERENTIATORS

- **Solo-Counsel M&A Execution:** Proven track record managing the entire transaction lifecycle for sales to Fortune 500 acquirers (e.g., Accenture).
- **Fractional GC Capabilities:** Extensive experience as an embedded legal partner for high-growth startups and venture portfolios, scaling "Legal 1.0" infrastructure.
- **IPO & Public Market Transition:** Strategic lead for \$6B+ business combinations and subsequent NASDAQ listings via SPAC.
- **Technical Subject Matter Expertise:** Deep fluency in AI/ML implementation, DeFi protocols, and global data privacy frameworks (GDPR/CCPA).
- **Cross-Border IP Strategy:** Comprehensive management of international IP portfolios and licensing rights across the US, UK, and EU.

CORE COMPETENCIES

- **Corporate & Commercial:** Corporate governance • M&A and divestitures • SPAC transitions • Board advisory • Shareholder agreements • Venture capital operations.
- **Technology & Transactional:** SaaS and technology licensing • AI/ML advisory • DeFi • Enterprise cloud infrastructure (AWS/Google Cloud) • Master Service Agreements (MSAs).
- **Privacy & Compliance:** Data privacy leadership • GDPR/US privacy frameworks • Regulatory risk mitigation • Policy development • Emerging tech counsel.
- **Media & Entertainment:** Talent and production agreements • Creator economy IP strategy • Influencer partnerships • Global licensing.
- **Legal Operations:** Department development • Contract Management Systems (CLM) • Standardized template libraries • Vendor management • Organizational policy design.

PROFESSIONAL EXPERIENCE

DEXTROUS LLC

January 2025 – Present

Founder & Principal | New York, NY

Established a specialized legal venture designed to bridge the gap between traditional outside counsel and a full-time in-house department for high-growth startups and mid-market entities.

- **The Concept:** Dextrous delivers sophisticated legal leadership that scales with a company's velocity, ensuring that legal strategy serves as a roadmap for growth rather than a bottleneck.
- **Integrated Legal Leadership:** Function as fractional GC for a diverse portfolio, managing the corporate lifecycle from funding rounds to preparing for strategic exits or IPOs. Clients include a range from logistics technology startups (Axle Mobility), to creative agencies (Playing.Studio and

Brand Content Inc.).

- **Operational & Product Partnership:** Build legal infrastructure (CLM, templates, policies) while partnering with product teams to provide "legal by design" guidance on AI/ML, DeFi, and global privacy compliance.

MOTHERSHIP / SUPERDIGITAL

January 2025 – Present

General Counsel | New York, NY

Chief legal strategist for the Mothership group of companies, overseeing a portfolio including Superdigital (digital-first creative agency) and Nuthouse Sports.

- **Strategic M&A Execution:** Orchestrated the sale of Superdigital to Accenture acting as sole legal counsel; independently managed the entire transaction lifecycle from diligence through closing.
- **Media & Entertainment:** Direct legal operations for Nuthouse Sports, structuring production and talent agreements for top-tier podcasts featuring high-profile talent such as Rob Gronkowski and Julian Edelman.
- **IP & Content Strategy:** Architect legal frameworks for influencer partnerships and digital campaigns, protecting creative IP within a rapidly evolving digital ecosystem.
- **Operational Infrastructure:** Design and manage organizational people systems, employment policies, and vendor relationships to drive operational efficiency and mitigate risk across the portfolio.

BETTER HOME & FINANCE

February 2023 – January 2025

Associate General Counsel & Head of Data Privacy | New York, NY

Senior counsel for a publicly traded fintech company, bridging the gap between high-stakes corporate governance and technical data leadership during its transition to the public markets.

- **Public Market Execution:** I served as the legal lead for the company's \$6 billion business combination with Aurora Acquisition Corp., managing the project lifecycle for all corporate legal functions through a successful SPAC merger and NASDAQ listing.
- **Privacy & AI Stewardship:** I built and led the global Data Privacy function, scaling protection policies and providing "legal by design" guidance to product teams on the frontiers of AI/ML implementation, DeFi, and automated underwriting tools.
- **Strategic Commercial Deals:** I negotiated high-value enterprise cloud infrastructure agreements with AWS and Google Cloud, as well as complex technology licenses and IP service agreements essential to the company's proprietary mortgage-tech stack.

ONE / ZERO CAPITAL

February 2021 – March 2023

Associate General Counsel | New York, NY

In-house lead for a fintech-focused venture capital firm; I served as a strategic bridge for portfolio companies, including acting as an initial investor and advisor to Better.

- **Venture & Portfolio Lifecycle:** I led deal negotiations, venture debt financing, and due diligence for US and international investments, managing the legal health of the firm's portfolio from incubation through growth.
- **Fractional In-House Support:** I acted as the primary legal resource for early-stage founders at companies like The Number, guiding them through corporate structuring, equity issuance, and the protection of core data-driven IP.
- **Strategic Oversight:** I managed the firm's relationship with high-profile institutional backers and handled the legal complexities of cross-border fintech ventures focused on lending and credit technology.

THE LOUIS STETTNER ESTATE

March 2020 – Present

Legal Advisor | New York, NY / Paris

Primary legal and strategic steward for the estate of Louis Stettner, a celebrated 20th-century photographer.

- **Legacy Management:** Oversee the preservation and advancement of a 70-year creative legacy, managing a vast archive held in the MoMA, Metropolitan Museum of Art, and Centre Pompidou.
- **IP & Licensing:** Direct global intellectual property strategy, licensing rights, and gallery relations to ensure the authentic representation of the artist's vision.
- **Strategic Partnerships:** Facilitate international exhibitions and academic engagement to uphold the artist's standing in the schools of New York and Paris street photography.

FRIED, FRANK, HARRIS, SHRIVER & JACOBSON, LLP

March 2020 – February 2021

Associate – Technology Transactions & Data Privacy | New York, NY

I managed the intellectual property and data privacy lifecycles for complex M&A across the AI, renewable energy, and healthcare sectors. In this role, I independently negotiated high-volume SaaS and licensing agreements, ensuring that technical debt and data risks were addressed before closing.

- **Transactional Rigor:** I executed tech-heavy due diligence and drafted definitive agreements for institutional clients such as Humana and CVS Health, ensuring technical debt and data risks were resolved before closing.
- **Integration Oversight:** I managed the IP integration for Amentum's \$4.8 billion acquisition of DynCorp, focusing on defense and aerospace technology transfers.
- **Commercial Negotiation:** I independently negotiated high-volume SaaS and licensing agreements for high-growth data companies like MediaAlpha.

WILLKIE FARR & GALLAGHER LLP

September 2016 – March 2020

Associate – Intellectual Property (Transactional) | New York, NY

I served as the dedicated IP specialist for high-stakes M&A in the media, IoT, and cybersecurity industries. My work focused on the practicalities of software development and data privacy, where I negotiated the critical licenses and agreements that protected our clients' core technology assets.

- **High-Stakes M&A:** I acted as the dedicated IP specialist for major consolidations, including the \$22 billion merger between Fiserv and First Data.
- **Platform & Content Strategy:** I negotiated critical licenses and software agreements for major clients like Bloomberg L.P. and Take-Two Interactive, protecting core technology and media assets.
- **Legacy & Pivots:** I managed complex IP carve-outs for General Electric's digital divestitures and advised on the privacy implications of Hudson's Bay Company's take-private transaction and e-commerce pivot.
